FYI - This matter involves a different proposed hotel at a different location. **Not 1330 Pico Blvd.** (Council already acted on a Motion per the council file you reference), which is located next to the Convention Center; but at **1930 Wilshire Blvd.** in MacArthur Park.

The owner-developer's consultant prepared attached draft Motion and I took a stab at editing it stlistically. Requesting CLA to review and prepare appropriate Motion to initiate the appropriate consultant study to evaluate potential economic development incentives. FYI our office has supported the entitlements related to the proposed project as noted below:

Council approved the Motion in December. At this point, the Developer needs to provide funding for the study. Best way to get going is to have a meeting with the Developer to discuss process, explain the funding, etc.
